Subpart F—Distribution of Funds

(a) Of the amounts appropriated to carry out this part for any fiscal year, the Corporation will reserve not more

45 CFR Ch. XXV (10–1–00 Edition)

than three percent for grants to Indian tribes and U.S. Territories to be allotted in accordance with their respective needs.

(b) The Corporation will use the remainder of the funds appropriated as follows: (1) Competitive Grants. From 25 percent of the remainder, the Corporation may make grants on a competitive basis to States, Indian tribes, or grantmaking entities.

(2) Allotments to States.

(i) From 37.5 percent of the remainder, the Corporation will allot to each State an amount that bears the same ratio to 37.5 percent of the remainder as the number of school-age youth in the State bears to the total number of school-age youth of all States.

(ii) From 37.5 percent of the remainder, the Corporation will allot to each State an amount that bears the same ratio to 37.5 percent of the remainder as the allocation to the State for the previous fiscal year under Chapter 1 of Title I of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 2711 *et seq.*) bears to the allocations to all States.

(iii) Notwithstanding other provisions of paragraph (b)(2) of this section, no State will receive an allotment that is less than the allotment the State received for fiscal year 1993 from the Commission on National and Community Service. If the amount of funds made available in a fiscal year is insufficient to make those allotments, the Corporation will make additional funds available from the 25 percent described in paragraph (b)(1) of this section for that fiscal year to make those allotments.

(3) For the purpose of paragraph (b) of this section, "State" means one of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

(c) If a State or Indian tribe does not submit an application that meets the requirements for approval under this part, the Corporation (after making any grants to local partnerships or LEAs for activities in nonparticipating States) may use its allotment for States and Indian tribes with approved applications, as the Corporation determines appropriate.

(d) Notwithstanding other provisions of this section, if less than \$20,000,000 is

made available in any fiscal year to carry out this part, the Corporation will make all grants to States and Indian tribes on a competitive basis.

Subpart G—Funding Requirements

§2516.700 Are matching funds required?

(a) Yes. The Corporation share of the cost of carrying out a program funded under this part may not exceed—

- (1) Ninety percent of the total cost for the first year for which the program receives assistance;
- (2) Eighty percent of the total cost for the second year;
- (3) Seventy percent of the total cost for the third year; and
- (4) Fifty percent of the total cost for the fourth year and any subsequent year.

(b) In providing for the remaining share of the cost of carrying out a program, each recipient of assistance must provide for that share through a payment in cash or in kind, fairly evaluated, including facilities, equipment, or services, and may provide for that share through State sources, local sources, or Federal sources (other than funds made available under the national service laws).

(c) However, the Corporation may waive the requirements of paragraph (b) of this section in whole or in part with respect to any program in any fiscal year if the Corporation determines that the waiver would be equitable due to a lack of available financial resources at the local level.

§2516.710 Are there limits on the use of funds?

Yes. The following limits apply to funds available under this part:

(a) (1) Not more than five percent of the grant funds provided under this part for any fiscal year may be used to pay for administrative costs, as defined in §2510.20 of this chapter.

(2) The distribution of administrative costs between the grant and any subgrant will be subject to the approval of the Corporation.

(3) In applying the limitation on administrative costs the Corporation will approve one of the following methods in the award document:

(i) Limit the amount or rate of indirect costs that may be paid with Corporation funds under a grant or subgrant to five percent of total Corporation funds expended, provided that—

(A) Organizations that have an established indirect cost rate for Federal awards will be limited to this method; and

(B) Unreimbursed indirect costs may be applied to meeting operational matching requirements under the Corporation's award;

(ii) Specify that a fixed rate of five percent or less (not subject to supporting cost documentation) of total Corporation funds expended may be used to pay for administrative costs, provided that the fixed rate is in conjunction with an overall 15 percent administrative cost factor to be used for organizations that do not have established indirect cost rates; or

(iii) Utilize such other method that the Corporation determines in writing is consistent with OMB guidance and other applicable requirements, helps minimize the burden on grantees or subgrantees, and is beneficial to grantees or subgrantees and the Federal Government.

(b) (1) An SEA or Indian tribe must spend between ten and 15 percent of the grant to build capacity through training, technical assistance, curriculum development, and coordination activities.

(2) The Corporation may waive this requirement in order to permit an SEA or a tribe to use between ten percent and 20 percent of the grant funds to build capacity. To be eligible to receive the waiver, the SEA or tribe must submit an application to the Corporation.

(c) Funds made available under this part may not be used to pay any stipend, allowance, or other financial support to any participant in a service-learning program under this part except reimbursement for transportation, meals, and other reasonable out-of-pocket expenses directly related to participation in a program assisted under this part.

[63 FR 18137, Apr. 14, 1998]

§ 2516.720

§ 2516.720 What is the length of each type of grant?

(a) One year is the maximum length of—

(1) A planning grant under § 2516.200 (a), (c) or (e); and

(2) A grant to a local partnership for activities in a nonparticipating State under § 2516.200 (b)(2) and (d)(2).

(b) All other grants are for a period of up to three years, subject to satisfactory performance and annual appropriations.

§ 2516.730 May an applicant submit more than one application to the Corporation for the same project at the same time?

No. The Corporation will reject an application for a project if an application for funding or educational awards for the same project is already pending before the Corporation.

Subpart H—Evaluation Requirements

§ 2516.800 What are the purposes of an evaluation?

Every evaluation effort should serve to improve program quality, examine benefits of service, or fulfill legislative requirements.

§ 2516.810 What types of evaluations are grantees and subgrantees required to perform?

All grantees and subgrantees are required to perform internal evaluations which are ongoing efforts to assess performance and improve quality. Grantees and subgrantees may, but are not required to, arrange for independent evaluations which are assessments of program effectiveness by individuals who are not directly involved in the administration of the program. The cost of independent evaluations is allowable.

§ 2516.820 What types of internal evaluation activities are required of programs?

Programs are required to: (a) Continuously assess management effectiveness, the quality of services provided, and the satisfaction of both participants and service recipients. Internal evaluations should seek frequent

45 CFR Ch. XXV (10–1–00 Edition)

feedback and provide for quick correction of weakness. The Corporation encourages programs to use internal evaluation methods, such as community advisory councils, participant advisory councils, peer reviews, quality control inspections, and service recipient and participant surveys.

(b) Track progress toward pre-established objectives. Objectives must be established by programs and approved by the Corporation. Programs must submit to the Corporation (or the Corporation grantee as applicable) periodic performance reports.

(c) Collect and submit to the Corporation (through the Corporation grantee as applicable) the following data: (1) The total number of participants in each program and basic demographic characteristics of the participants including sex, age, economic background, education level, ethnic group, disability classification, and geographic region.

(2) Other information as required by the Corporation.

(d) Cooperate fully with all Corporation evaluation activities.

§ 2516.830 What types of activities are required of Corporation grantees to evaluate the effectiveness of their subgrantees?

A Corporation grantee that makes subgrants must do the following: (a) Ensure that subgrantees comply with the requirements of § 2516.840.

(b) Track program performance in terms of progress toward pre-established objectives; ensure that corrective action is taken when necessary; and submit to the Corporation periodic performance reports.

(c) Collect from programs and submit to the Corporation the descriptive information required in § 2516.820(c)(1).

(d) Cooperate fully with all Corporation evaluation activities.

§ 2516.840 By what standards will the Corporation evaluate individual Learn and Serve America programs?

The Corporation will evaluate programs based on the following: (a) The extent to which the program meets the objectives established and agreed to by the grantee and the Corporation before the grant award.

(b) The extent to which the program is cost-effective.

(c) Other criteria as determined and published by the Corporation.

§ 2516.850 What will the Corporation do to evaluate the overall success of the service-learning program?

(a) The Corporation will conduct independent evaluations. These evaluations will consider the opinions of participants and members of the communities where services are delivered. If appropriate, these evaluations will compare participants with individuals who have not participated in service-learning programs. These evaluations will—

(1) Study the extent to which service-learning programs as a whole affect the involved communities;

(2) Determine the extent to which service-learning programs as a whole increase academic learning of participants, enhance civic education, and foster continued community involvement; and

(3) Determine the effectiveness of different program models.

(b) The Corporation will also determine by June 30, 1995, whether outcomes of service-learning programs are defined and measured appropriately, and the implications of the results from such a study for authorized funding levels.

§ 2516.860 Will information on individual participants be kept confidential?

(a) Yes. The Corporation will maintain the confidentiality of information regarding individual participants that is acquired for the purpose of the evaluations described in § 2516.840. The Corporation will disclose individual participant information only with the prior written consent of the participant. However, the Corporation may disclose aggregate participant information.

(b) Grantees and subgrantees under this part must comply with the provisions of paragraph (a) of this section.
